Q5.Can NRI open a Mutual Fund &Life Insuranceaccount in India?

Mutual Fund is a very attractive investment tool for long-term planning which you would have availed as a resident Indian.

Guaranteed Return On Life Insurance Goes upto 6-7% Tax Free . Most Developed Countries Do Not Offer such High Guaranteed Returns .

Wealth Munshi platform allows NRIs to invest in India from their country of residence in a **fully online process**.

However, some fund houses do not take applications from the US or Canada because of the heavy paperwork involved under the **FATCA (Foreign Account Tax Compliance Act)**.

Wealth Munshi **Provides Seamless Digital Platform** that allows **Non Resident Indian's Across The Globe , Including USA & Canada To Invest Online**.
